Family Shelter Campus Expansion Tour
Next Move and Community Partners host a hard hat tour
In Spring of 2015, Next Move’s President and CEO Carolyn Brodt and Deputy Director, Bill Knowlton, hosted a hard hat tour of the new Family Shelter facility along with our collaborative partners, Beth Kang of Home Aid Sacramento, Goodwill Industries President Joseph Mendez, USA Properties Fund Senior Vice President Michael McCleery, and the California Department of Housing & Community Development.

Community members, neighbors, business partners, donors, Board of Directors and representation from Supervisor Serena’s office (Ms Lisa Nava) were present to tour the project site and construction. The tour was given by Mr. McCleary HomeAid Sacramento’s Builder Captain & Josh Rinehart, Project Superintendent, from USA Properties Fund.

This roughly 10 month renovation project will increase occupancy from 55 beds to 85 beds, including a state of the art commercial kitchen, classrooms, children’s services activity rooms, computer lab and dining room. Carolyn’s commitment to seeing this project through has remained unwavering, despite a season of challenges and change experienced by Next Move.

Without the determination of Next Move Executive officers, the continuous support of our community partners, generous donors and District 1’s very own Supervisor Serna’s office, this project could not have been possible. Our deepest gratitude to you to all of you who strive with us to make a difference in the lives of those experiencing homelessness to bring HOPE BEYOND SHELTER.

Three cheers for Team Rocco, for finishing his Eagle Scout project for the Community Donation Center! Rocco has completed the indoor play structure for the center by gathering material and raising funds for construction. With the support of his amazing parents, fellow Scouts, and Project Advisor, the project has evolved into a new hit for the children at the Donation Center. Rocco’s completed project really is a gift that serves the community and impacts the lives of children in Oak Park.
